## PROJECTS

**Money Mingle**     *React.js , JavaScript, Chart.js, Material UI, React Router, React Bootstrap, Netlify*     Link

- Our React-based website offers a comprehensive suite of financial tools, including a combined **Income Tax, SIP and EMI Calculator**.
- Integrate **Material-UI** to maintain design consistency and leverage pre-built React components for UI elements like buttons, forms, navigation bars, etc.
- Utilize **Chart.js** to create visually appealing and interactive charts, such as Doughnut Chart etc.
- Implement **React Router** to manage client-side routing within the application.

**VoteEase**     *Html, Css, JavaScript, MySQL, PHP*     Link

- Designed and developed a clean and modern website using HTML, CSS, JavaScript and PHP
- An online voting system is a software platform that allows groups to securely conduct votes and elections. High-quality online voting systems balance ballot security, accessibility, and overall requirements
- Deployed on Infinityfree Platform

**TodoTrek**     *React.js , Html, Css, JavaScript*     Link

- TodoTrek is a productivity and task management app designed to help users efficiently organize and track their daily activities, goals, and responsibilities
- Used Firebase Firestore database
- Performed **CRUD** operations
- Deployed on Google Firebase Platform
